## Principal's Message

At the end of 2023, the Department for Education, Children and Young People launched our system's values that reflect what we stand for, guide our decision making and underpin all aspects of our work – connection, courage, growth, respect and responsibility. They support our STAR values at Andrews Creek Primary.

Today, you might notice that many of our staff are not on-site. Our teaching and classroom support staff are displaying courage and growth, being dedicated to our system goal of improving student reading achievement. We have been working collaboratively to develop our understanding of evidence-based approaches to reading instruction and assessment. This first group of staff are taking part in observations and coaching at Hagley Farm School, specifically looking at explicit phonics instruction to support reading. Keep an eye out in future newsletters for updates on how we are strengthening our approach to tracking student learning progress and our teaching practices. I am sure you will join me in congratulating our wonderful staff for the amazing work they continue to do at ACPS.

Thank you everyone for your generous support of our School Association with your Easter Raffle donations. We had a whopping 20 prizes on offer this year, with the total amount of money raised at \$1,341. These funds assist the School Association to directly support ACPS learning and wellbeing projects throughout the year.

I wish you all a relaxed and safe Easter break. A reminder that school resumes on Wednesday 3 April and Term 1 concludes the following week on Friday 12 April.

In Partnership,

Emma Scicluna  
Principal

## Chairperson's Report

Dear members of our school association,

Firstly, I want to express my heartfelt gratitude to all those who have been part of the committee over the past year. Your dedication to our school community has been truly commendable, and together, we have achieved significant goals that have enriched the lives of our students and fostered a stronger sense of community within our school.

I also want to take this opportunity to congratulate everyone for the engaging events and successful fundraisers we organised throughout the year. From the delightful coffee and chat session to the fun-filled Games night, the creation of our fantastic cookbook, the athletics carnival BBQ, and the excitement of the end-of-year concert with food vans, Santa, and a raffle. Each event has brought our school families closer together. Our collective efforts resulted in an impressive fundraising amount of \$5,000, showcasing the generosity and dedication of our school community. Over the past 12 months, by utilising these funds, together with some savings, we provided new Decodable Readers for our young learners' home reading, supplied book vouchers for Grade 6 graduation presents, and contributed \$5,000 towards the Grade 5/6 camp, creating lasting memories for our students. Co-ordinating the book fair also raised \$930 for the purchase of new books for the library.

Additionally, we enhanced our community gatherings by purchasing new BBQs and providing free sausages to students at the athletic carnival, and families at our welcome BBQ, which were enjoyed immensely by all. Last year's celebration of our 10-year anniversary was a significant milestone, and the 10-year celebratory community cookbook, along with Josie's beautiful artwork and the whole school photo, stand as testaments to the dedication and hard work put in by our members and the support we have from the local community. At Andrews Creek Primary, our strength lies in our wonderful community, its inclusivity and the support people provide to one another. I think this really makes us a truly exceptional school. As we forge ahead, it's crucial to understand that school association and thus each of us, plays a vital role in upholding this positive environment. Your contributions are not just important but necessary to keep our momentum going to build a strong and connected school community.

Looking forward, let's maintain our energy and work together as a team to support each other, our students and school initiatives. Thank you to the new faces joining tonight and putting your hand up to be more involved. Without a sufficient number of dedicated and active volunteers, it becomes increasingly challenging to fulfill our objectives and support our school's initiatives effectively, and many hands sure do make light work for each of us individually.

Thank you once again for your commitment and contributions to our school community. Let's continue to make a positive difference together.

Warm regards,

Rebecca Addison  
*ACPS School Association Chair*
